

LEARN ENGLISH FROM HOME

✓ LIVE ONLINE COURSES

Our live online courses are led by our expert British teachers with vast experience of teaching English to students around the world. You will be able to learn from the convenience of your home while collaborating and interacting with people of different nationalities to build your confidence and learn from each other's experiences. With expert teachers and interactive course material, your English learning experience will be easier and enjoyable. No matter your English skills, our aim will be to help you achieve your learning objectives.

GENERAL ENGLISH

Our General English courses aim to improve your ability to communicate in English by developing your core language skills – speaking, listening, writing and reading, and increasing your knowledge of English grammar and vocabulary. They will also assist in developing your English skills for communication in all contexts.

A large part of language development is confidence; this is why we designed our lessons to help you build confidence and provide you with ample opportunities to implement your newly learned English skills in class activities.

IELTS ENGLISH

The IELTS course is ideal for people who want to apply to a UK or Ireland university and need to achieve their desired score in the IELTS exam. Our intensive IELTS course is designed to help you get the score that you need to enter your dream University.

We'll help you develop your exam techniques so that you know how to approach the tasks, what the examiners are looking for and how to prepare effectively. You will also be provided with extensive examples of good and bad answers to ensure that you fully understand all the dos and don'ts of the IELTS exam.

TOEFL EXAM SKILLS

The TOEFL course is ideal for people who want to apply to a university in Australia or New Zealand and need to achieve their desired score in the TOEFL exam. It is also accepted in Canadian or American universities. Our TOEFL Exam Skills course is designed to help you get exam ready to achieve the scores you need to enter your chosen university.

This course is focused on developing the techniques and skills needed to sit the TOEFL exam and achieve high grade. You will also have the opportunity to complete practice tests to familiarise yourself with the actual exam.

ENGLISH CONVERSATION

Our English Conversation course aims to improve your ability to speak English fluently with more focus on grammar, vocabulary and pronunciation. This will help you develop the skills necessary to communicate in English and understand the basic nuances of the English language.

This course is more focused on speaking rather than reading and writing, therefore our aim will be to help you develop the ability to converse in English while being mindful of the correct pronunciation and grammar.

ONE TO ONE

Our one to one offering personalises the English learning experience to meet your personal needs and goals. If you feel uncomfortable studying with other people then you can arrange one to one lessons with our expert teachers which will be personalised just for you, so you can engage with the teacher and get the most out of your time and money.

Our one to one sessions are available for people with any level of English skills since we are determined to help you develop your English language skills and build confidence to communicate effectively at any level. You are able to personalise your learning experience by choosing the course along with the timings and duration of your choice.

BUSINESS ENGLISH

Studying the Business English Course with us will equip you with the skills needed to communicate effectively in business situations. This includes the ability to communicate and negotiate with managers and clients and to present effectively in a business meeting.

This course will help you boost your employability, enabling you to get the English language skills you need to access the best jobs. This course will also help you improve your Business English terminology and grammar, and provide you with reading, writing, listening and speaking practice of this in a business context.

GROUP OF 2 - 4

If you have friends and family who would like to study with you, then our group offering is ideal for you. You can learn in the company of people you know which can make the learning process easier as you can help and support each other to get better at communicating in English. You can also practice with each other after the class to complement the learning process.

As a group, you can personalise your learning experience by choosing the course along with the timings and duration of your choice.
